Beaulieu tells us:

(All words and photographs from Beaulieu).

Beaulieu is gearing up for its iconic **International Autojumble**, taking place from Saturday 6th to Sunday 7th September. With over 1,000 stands offering spare parts, automobilia, bikes, books and more, this huge outdoor sale is a must for any motoring enthusiast. **This year will feature a truly special moment as the engine of the legendary land speed record car, the Sunbeam 1000HP, which has been undergoing restorations by the National Motor Museum workshop team, is fired up in public for the very first time in 90 years.**

The iconic vehicle was the first to break the 200mph barrier. In an ambitious long-term project, the National Motor Museum has been meticulously restoring 'The Slug' with the

goal of returning it to Daytona Beach, Florida, for the 100th anniversary of its record-breaking run in 2027. Visitors to the International Autojumble will be among the first in years to see the record-breaking vehicle's engine roar to life in public, as the National Motor Museum team start it up nearby the Beaulieu Arena at 2pm on Sunday 7th September. Be sure to follow Beaulieu on social media and visit their website for the latest updates.
