Find your favourite cars/movies within a fascinating website (microsite) taking you to a wealth of motoring adventures from the big screen…

Kim Henson is your guide…

For motoring enthusiasts, there is always something special about the multitude of iconic cars used in films, and the scenes in which they appear. To cater for these, this 'Pop Culutre Cars' website (please click HERE) provides links to films and vehicles in which viewers are particularly interested.

It's seachable by make and film, and I have just test-driven the site. I found it fascinating, but would just mention that it should come with a warning that once logged in, you could spend quite a long time looking at the movie clips to which it links! Indeed it distracted me

from my writing for rather longer than planned, but enjoyable all the same!
