Hedley Studios tells us…

We’re excited to be bringing the **Porsche 550 J** to **Icons of Porsche in Dubai this weekend, 21–22 November**, for its public debut. Developed with Porsche, it is an all-electric, 80%-scale reinterpretation of the 550 Spyder, with room for two adults.

Only 250 examples will ever be made worldwide. That makes the 550 J a particularly rare addition to a Porsche collection, with historic liveries and Paint to Sample options allowing owners to make it their own.
We’re particularly proud of how closely we worked with the Porsche Museum and its experts to capture the character and detail of the original. Even the Porsche crests and wordmarks come directly from Porsche themselves.
For those who love driving, we’re especially proud of its mid-engined balance, with the electric motor and batteries positioned behind the seats. The specification includes **carbon-fibre bodywork, Brembo brakes, Eibach springs, Bilstein dampers and a Nardi**

steering wheel. We only work with the best.

Prices start at GBP 69,500 plus options and taxes.
