All words and photographs from Suzuki; they tell us...

Suzuki is a top 10 global Automotive brand and has a long-established reputation for producing very reliable cars which has been further reinforced from the results of the latest reliability survey conducted by Warranty Solutions Group (WSG).

Of the 29 manufacturers surveyed, Suzuki ranked first with the lowest warranty claim rate of just 6.29% which, according to WSG, confirms how simpler engineering and more controlled vehicle complexity can contribute to much stronger long-term reliability.

This latest result also further highlights Suzuki's four easy to understand product pillars across its range which are Tech, Efficiency, Quality and Trust.

Suzuki includes up to 10 years' Service Activated Warranty once the vehicle reaches the end of its manufacturer warranty period of three years / 60,000 miles and is booked in for its next scheduled service within the Suzuki Dealer network.

This warranty is offered free of charge to retail customers and stays in place until the next qualifying service. At this point, it is then simply renewed again up to a maximum vehicle age of 10 years / 100,000 miles - whichever comes first.
