At the heart of the International Autojumble are its famous autojumble fields, where hundreds of exhibitors create a treasure trove of motoring finds. Bustling stands are packed with everything from tools and parts to automobilia, badges, manuals, models and motoring collectables. Knowledgeable stallholders are on hand to share expertise and advice, while bargain hunters can spend hours browsing the vast selection of items on offer.

Beyond the automotive treasures, the event has grown to include an eclectic mix of vintage and retro goods, with many stalls offering unique clothing, furniture and homeware, making the event a paradise for motoring enthusiasts while offering plenty to enjoy for visitors drawn to vintage shopping, retro style and unique one-off finds.

Visitors can enjoy a relaxed atmosphere across the weekend, with Retro Grooves providing a live DJ set alongside a selection of food and drink – the perfect way to unwind after a day of browsing, bargains and catching up with old friends.

The Automart is the ideal place for showgoers to shop for their dream motor or next automotive project. For sellers, it offers an unrivalled opportunity to showcase a car or bike to thousands of eager buyers. An Automart space also includes full access to the International Autojumble and the Beaulieu attraction across both action-packed days. For pristine classics, the Dealermart presents an excellent selection of vehicles for sale from specialist traders.

Bonhams | Cars has enjoyed a long and successful partnership with the National Motor Museum at Beaulieu, hosting many well-attended auctions at the International Autojumble over the past 30 years. This year, whilst there will be no live Bonhams auction at Beaulieu, the company is pleased to continue its close association with the event, and will be

showcasing a carefully curated selection of exceptional classic and collector vehicles that will be offered at upcoming auctions elsewhere.
